

To Whom It May Concern:

We value and honor all of our constituents and Professional Child Development Associates (PCDA) has progressed because of them.

PCDA is a nonprofit organization that supports and empowers children touched by autism spectrum disorders or a developmental disability with our signature services, activities and programs for them and their families. Since our inception in 2008, we are designed and committed to growing and adapting our center to meet the emerging needs of children, parents, siblings, and caregivers.

Compassion, loyalty and unceasing belief from our constituents in the PCDA's mission have produced thoughtful changes and dynamic improvements. As we forge ahead to foster new relationships, we continue to build strong connections and advocate for our constituents from a position of knowledge and virtue.

As a multi-service organization, PCDA believes that any child impacted by autism or a developmental disorder deserves a solution. Amanda's mother from El Monte calls PCDA her daughters *"greatest mentor."* And Jonathan Lee remembers when his 3-year old son, who is touched with Down Syndrome *"could barely walk and had low muscle tone;"* is now *"running and enjoying life,"* thanks to the care and support of PCDA.

All of our licensed therapists and clinicians at PCDA have adopted the **D.I.R Floortime** (Development, Individuality, Relationships) treatment; a forward-looking intervention that encourages a child to reach their

highest capacity of understanding and caring for others. As we celebrate each child's unique interests, we use **D.I.R Floortime** to build on their growth and transformation. Amy from Eagle Rock, explained that *"PCDA has been a Godsend and a miracle,"* for her son Conner and their entire family.

GET INVOLVED!

When you team up with PCDA, you will be a part of an inclusive and culturally competent organization that uses the feedback of our constituents on an ongoing basis to improve its own effectiveness. PCDA can enrich your life as we work to frame a more enthusiastic and eager sense of community and connection. PCDA bridges the principals of our constituents with our own, as we enhance, educate and provide support services for our infants, children, teens and young adults to have promise for the future.

TAKE THE PLEDGE!

You will play a critical role, helping guide PCDA meet its advocacy goals. As a constituent, you become a beacon of hope and an integral part of our overall internal infrastructure. Constituents are a partner and a vital component of PCDA, as we address the special needs of the development and behavior of the children and the youths in our programs. Your investment will inspire the continuation and expansion of the programs and services offered at PCDA.

WE ARE WORTH YOUR TIME!

As we strive for greater visibility and expansion through conferences and outreach, PCDA continues to provide help and hope.

Thank you for your consideration of our request. I will follow up with you in the next week to answer any questions you might have, as well as to learn whether we might meet with you to discuss the merits of our proposal.

Respectfully,

ANGIE COMER
